Chairman Novak & ZBA Members,

After learning that certain statements were made by the development group for 41 North Main Street & 31 Hunting Lane, I watched a video of the ZBA meeting that took place on May 6<sup>th</sup>, 2021.

The development group has not reached out to me since I last spoke with them during the week of March 22<sup>nd</sup>. This was after the DPW Director and I met with them February 22<sup>nd</sup>.

During both of these conversations, I brought up the need for a “truck turning radius” schematic for the emergency access road on Hunting Lane for 41 North Main, as well as the entrance to 31 Hunting Lane. I also requested updated site plans for 41 North Main Street, as we discussed moving some hydrants. We also discussed running a fire pipe from Cemetery Lane to supply water to the development. We also discussed concerns regarding having emergency apparatus respond to the complex on Powderhouse Lane.

To date, I have not received anything to alleviate any of these concerns. I am extremely concerned with emergency vehicle access to the site.

I apologize for the late notice of this issue, but I believe it is the development teams responsibility to alleviate these issues during the process.

Respectfully,

**Chief Zachary J. Ward**
