Chairperson Richard Novak,

This letter is to confirm that we have been in communication with the developer for the proposed project at 55 Farm Road.

The Fire & Rescue Department has no issue with the current proposed access for emergency response into the site. However, based on the layout, we are requesting that there be a strictly enforced no parking zone on all streets in the development. This is to ensure emergency vehicles will not be impeded in any way.

The Fire & Rescue Department also has no concerns with the traffic impacts on responses to or from Sherborn Fire Station #2, which is located on Farm Road.

As always, please let me know if you have any questions.

Respectfully,

Zachary J. Ward
Fire Chief

CC: Lieutenant Buckler
