The dates appearing after various sections herein indicate years subsequent to 1968 in which the section was added or amended.

CHAPTER 1. MEETINGS

Section 1. The Annual Meeting for the election of officers and determination of such matters as by law are required or permitted to be upon the ballot shall be held on the second Tuesday in May. The polls shall be open for at least twelve (12) hours. The opening and closing time of the polls shall be established each year by the Board of Selectmen. *(Amended 1974, 1979)*

Section 2. All other business shall be considered at a deliberative session of the Annual Meeting to be held on such date in last half of April or first week in May and at such place as shall be specified in a separate Warrant therefore. *(Amended 1969, 1974, 1979)*

Section 3. Notice of every Town Meeting shall be given not less than seven (7) days before the day appointed for said Meeting. Notice shall be given by posting an attested copy of the Warrant calling the meeting in at least five (5) public places in the Town. The return of the officer, stating the manner in which notice was given, shall be endorsed upon the Warrant. *(Amended 1980, 2010)*

Section 4. At least twenty-one (21) days before the Annual Meeting referred to in Section 2 of this Chapter, the Annual Town Report shall be posted to the Town's website, and hard copies shall be available to those residents who request them and copies of the Annual Town Report will also be available for inspection and copying at the Town Hall, provided that at least thirty (30) days before the Annual Meeting, a postcard shall be distributed to each household in the Town in which a voter eligible to vote at the Annual Town Meeting resides advising that the Annual Town Report will be posted and that copies will be available at the Town Hall. Provision will be made to distribute hard copies to those households which request it and who are unable to get to Town Hall during its open hours. *(Amended 2012)*

CHAPTER 2. RULES AND PROCEDURES AT TOWN MEETINGS

Section 1. Only registered voters may vote at Town Meetings. The number of registered voters necessary to constitute a quorum at any Town Meeting, except at a meeting devoted exclusively to the election of town officials, shall be one hundred (100), but a smaller number may adjourn to a stated date, time and place.

Section 1A. Whenever a two-thirds vote is required by statute, such vote may be declared as such by the Moderator without a count and be recorded as such by the Clerk upon such declaration; provided, however, that seven (7) or more voters may challenge such declaration, at which time a count shall be taken. *(Amended 1997)*

Section 2. All articles in the Warrant shall be taken in the order of their arrangement unless otherwise decided by a two-thirds vote of the voters present and voting.

Section 3. In case of motions to amend or to fill blanks, the one expressing the largest sum or the longest time shall be put first, and an affirmative vote thereon shall be a negative vote on any smaller sum or shorter time.

Section 4. When a report of a committee is placed in the hands of the Moderator, it shall be deemed to be properly before the meeting for its action thereon, and a vote to accept the same shall discharge the committee, but shall not be equivalent to a vote to carry out the recommendations without a special vote to adopt.

Section 5. No vote shall be reconsidered at the same Town Meeting unless it be ordered by two-thirds of the voters present and voting thereon at the same session. (*Amended 1972*)

Section 6. When a unanimous vote is not obtained on any substantive motion requiring a vote greater than a majority for passage, the said motion shall be voted upon at the same session by written ballot, using the same check list, if fifty voters so request. (*Amended 1972*)

Section 7. All proposed expenditures for equipment, the estimated cost of which exceeds \$4,000 shall be separately identified in the appropriate budget line item. The appropriation to meet an obligation under a lease or a lease with an option to purchase for a total payment in excess of \$4,000 shall be separately identified in the budget under the appropriate budget line item or warrant article. Any settlement requiring the payment of a sum greater than one hundred thousand dollars (\$100,000), except as authorized by law, shall be made only when authorized by the voters at Town Meeting. (*Amended 1968, 1991, 2008*)

Section 2. Whenever it shall be necessary to execute any deed conveying land, the same shall be executed by the Town Treasurer in behalf of the Town, unless the Town in any special case shall otherwise vote.

Section 3. All appointments which the Board of Selectmen is authorized to make shall be made in the month of May or June, after the Annual Town Meeting for the election of officers. All such appointments shall become effective on the 15th day of June, and run until a successor is appointed and qualified. No person shall remove, fill, dredge, alter or build upon or within one hundred feet of, any bank, fresh water wetland, beach, marsh, meadow, bog, swamp, or on or within one hundred feet of lands bordering on any estuary, creek, river, stream, pond or lake, or any land under said waters or on or within one hundred feet of any land subject to storm flowage, flooding or inundation, or within one hundred feet of the 100-year storm line, or within the riverfront area other than in the course of maintaining, repairing or replacing, but not substantially changing or enlarging, an existing and lawfully located structure or facility used in the service of the public and used to provide electric, gas, water, telephone, telegraph and other telecommunication services, without filing written application for an order of conditions to remove, fill, dredge, alter or build upon, and receiving and complying with a permit issued pursuant to this By-Law. The application shall be accompanied by plans and analyses required by the Sherborn Conservation Commission.

The provisions of this section shall not apply to mosquito control work done under the provisions of G.L. c. 40, §5(36), G.L. c. 252 or any special act; maintenance of drainage and flooding systems of cranberry bogs; to work performed for normal maintenance or improvement of land in agricultural or aquacultural use; or to any project authorized by special act prior to January 1, 1973 and to qualifying forest management practices.

Such application may be identical in form to a notice of intent filed pursuant to Chapter 131, Section 40 of the General Laws, shall be filed by delivery in hand with receipt from the Commission or sent by certified mail to the Sherborn Conservation Commission (“the Commission”), shall be accompanied by a filing fee in an amount established by regulation payable to the Town of Sherborn and must be filed concurrently or after applications for all other permits, variances and approvals required by the Zoning By-Law, the Subdivision Control Law or any other by-law or regulation.

Any person desiring to know whether or not a proposed activity or an area is subject to this By-law may in writing request a determination from the Commission. Such a Request for Determination of Applicability (RDA) or Abbreviated Notice of Resource Area Delineation (ANRAD) filed under the Act shall include information and plans as are deemed necessary by the Commission.

Upon written request of any person, the Commission shall, within twenty-one days, make a written Determination (Determination of Applicability) as to whether this By-Law is applicable to any land or work thereon. When the person requesting a Determination is other than the owner, notice of the Determination shall be sent to the owner as well as to the requesting person.

The applicant shall give written notice of the filing of Notice of Intent and Abbreviated Notice of Resource Area Delineation at the time of such filing, by certified mail and return receipt requested, or hand delivery written acknowledgement of receipt, to all abutters within one hundred feet of the property line of the land where the activity is proposed at their mailing addresses shown on the most recent applicable tax list of the assessors, including owners of land directly opposite on any public or private street or way, and in another municipality or across body of water and to such other persons as the Commission may, by regulation, determine. The notice shall state a brief description of the project and the date of the Commission hearing or meeting date if known.

Section 2. Hearing

The Commission shall hold a public hearing on the application within twenty-one days of its receipt. If it issues an order of conditions after making such determination, the Commission shall impose such conditions as it determines are necessary for protection of those interests and all work shall be done in accordance with those conditions. The conditions may include a condition that certain land or portions thereof not be built upon or altered, filled or dredged, that streams not be diverted, dammed or otherwise disturbed. The applicant may file a new application on any project, provided that the new application is accompanied by plans and analyses which reflect significant differences from the original filing.

Section 6. Burden of Proof

The applicant shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the application will not have significant effects upon the values protected by this By-Law. Failure to provide adequate evidence to the Commission supporting a determination that the proposed work will not have significant effects upon the values protected by this By-Law shall be sufficient cause for the Commission to deny an order of conditions or grant an order of conditions with conditions or, in the Commission's discretion, to continue the hearing to another date to enable the applicant or others to present additional evidence.

CHAPTER 21. GROUNDWATER PROTECTION BYLAW

(Added 1992, amended 1993, 2006)

Section 1: Preamble: Interests protected by this Bylaw.

The purpose of this Bylaw is to promote the health, safety and welfare of the inhabitants of the Town of Sherborn by protecting, preserving and maintaining the groundwater supplies of the Town. The groundwater underlying the Town is the sole source of the drinking water for the residents of the Town. Because there is no public water supply available, residents maintain private wells located on the various lots within the Town. Spills and discharges of petroleum products and other toxic and Hazardous Material and Discharges of sewage and salt have repeatedly threatened the quality of groundwater and related water resources, throughout the Commonwealth and elsewhere, posing potential public health and safety hazards and threatening economic losses to the affected communities. By adopting this bylaw, the Town intends to reduce the threat of such spills and discharges. An additional purpose of this Bylaw is to protect the residents of the Town and the Town itself from the potentially devastating financial and environmental consequences of contamination of wells or groundwater due to leakage arising from failure of underground storage tanks.

Section 2: Definitions.

"Discharge" shall mean the introduction of a liquid or soluble or leachable solid material upon or into land or water bodies having an effect within the Town of Sherborn. Discharge includes, without limitation, leakage of such materials from failed or discarded containers or storage systems and includes disposal of such materials into any wastewater disposal or treatment system, dry wall, catch basin or landfill which has not received approval by the Board of Health.

"Fertilizer" shall mean any of a large number of natural and synthetic materials including, but not limited to, nitrogen, phosphorus and potassium compounds, the normal use of which is by spreading on or working into soil to increase its capacity to support plant growth.

"Groundwater": all water below the surface of the ground, including that in bedrock.

"Hazardous Material" shall have the same definition as is set forth in 310 Code of Massachusetts Regulations (CMR) 40.000, as follows: material, including, but not limited to, any material in whatever form which, because of its quantity, concentration, chemical, corrosive, flammable, reactive, toxic, infectious or radioactive characteristics, either separately or in combination with any substance or substances, constitutes a present or potential threat to human health, safety, welfare or to the environment, when improperly stored, treated, transported, disposed of, used or otherwise managed. The term shall not include oil, but shall include waste oil and all those substances which are included under 42 U.S.C. §9601(14), but it is not limited to those substances. The term shall also include, but is not limited to all material regulated as hazardous waste or recyclable material under 310 CMR 30.000.

"Manure" shall mean barnyard or stable dung, which may include discarded animal bedding, used to fertilize soil. It shall not mean manure deposited naturally.

"Pesticides" shall mean any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any pest, any insecticide, herbicide, rodenticide, any other substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant, provided that the term "pesticide" shall not include (i) any article that is a "new animal drug" within the meaning of section 201w of the Federal Food, Drug and Cosmetic Act (21 U.S.C. s.321(w)), or that has been determined by the Secretary of the United States Department of Health, Education and Welfare not to be a new animal drug by a regulation establishing conditions of use for the article; (ii) any article that is an animal feed within the meaning of section 201(x) of such act (21 U.S.C. s.321(x)), or (iii) any chemical the storage of which is governed by regulations adopted by the Commonwealth of Massachusetts State Pesticide Board pursuant to c. 132B of the General Laws of the Commonwealth.

"Stockpiling or disposal of snow" shall mean the transportation of snow by means of a truck, excavator, loader or similar equipment to a location off the property onto which it has fallen. It shall not refer to simply plowing, shoveling or blowing such snow to the edges of a highway, street, road, sidewalk or parking lot.

"Tank" shall include any tank of any design and any capacity, whether above or under the ground, and includes both the Tank itself together with related piping and controls, and shall also include drums, and bulk storage containers of any kind, description and design but excluding tanks that

are part of aircraft or motorized vehicles and contain fuel for such vehicles, and excluding tanks used exclusively for the storage of propane.

Section 3: Regulation of Storage Tanks.

A. New underground Tanks prohibited. Following the effective date of this bylaw, the installation of any underground Tank of any design and of any capacity for storage of any material other than water, propane or septage if part of a septic system approved by the Board of Health is prohibited within the Town of Sherborn. New commercial, municipal or agricultural Tanks meeting all requirements of 527 CMR, including those requirements that have deferred effective dates, are exempt from this provision.

B. Storage Tanks. Following the effective date of this bylaw, storage Tanks may be installed either:

(1) within a building as defined in Section 1.5 of the Zoning Bylaw of the Town, such as a basement of a residence, only where there is full compliance with 527 CMR and with the rules and regulations of the Fire Chief, adopted pursuant to Section 3C of this Chapter;

(2) above ground outdoors, only where there is full compliance with 527 CMR and with the rules and regulations of the Fire Chief, adopted pursuant to Section 3C of this Chapter.

C. Local Rules and Regulations. The Fire Chief may adopt rules and regulations implementing, detailing and specifying additional requirements so that

(1) underlying each Tank shall be a surface that is designed and at all times operated so that it is free of cracks and gaps and is sufficiently impermeable to contain leaks and spills until the leakage or spillage of stored material is detected and removed; and further

(2) each Tank shall be placed on such surface so that the surface beneath the Tank is visible for inspection for spills and structural integrity; and further

(3) piping and related fittings are to meet specifications set forth in the regulations; and

(4) such regulations shall contain a procedure for the issuance of variances from such requirements upon good cause shown when unusual conditions related to size, location, or geography exist and when an alternative design would accomplish the intent of this Bylaw.

D. Existing Underground Tanks – Any existing underground tank shall be removed from the ground or closed in accordance with 527 CMR by April 30, 2007, unless documentation is provided that it has been upgraded to comply with the requirements of 527 CMR regarding equipment for the prevention and detection of leaks, including cathodic protection, double walls and monitoring systems. Documentation of compliance with the testing requirements of 527 CMR must also be provided.

Section 4: Hazardous Material.

A. Outdoor Storage. Because of the risk of soil contamination from rain, wind and weather conditions, the outdoor storage of Hazardous Material, except as exempted by Section 4D of this Chapter, is prohibited within the Town of Sherborn. Unless exempted in Section 4D, Hazardous Material lawfully used within the Town may be stored only in sheltered conditions within weatherproof buildings or under waterproof roofs where there exists an impermeable floor graded to contain spills or discharges, or an impermeable floor with a containment berm or wall.

B. Disposal Prohibited. The release or disposal of Hazardous Material within the limits of the Town, other than at such lawful disposal sites and times as may be designated by the Board of Health, is prohibited.

C. Notification Requirements. In order that the Town, the abutters and public safety officials may know of the existence and locations where Hazardous Materials is stored, every person who regularly stores or keeps at one location two hundred (200) pounds or more of any one Hazardous Material, or a cumulative total of two hundred (200) pounds of several different Hazardous Materials, except as exempted in Section 4D of this Chapter, shall notify the Board of Selectmen prior to initiating such storage and on or before December 31 of each year thereafter. The notification shall consist of a statement setting forth the owner's name, the quantity and type of Hazardous Material, the date when the Hazardous Material will be or was first stored and location thereof.

D. Exemptions. The following are exempt from the requirements of this Section:

(1) Pipelines: existing utility pipeline facilities constructed and used for the purpose of transporting and conveying petroleum products and natural gas; provided, however, that any such transportation and conveyance complies with all applicable law and is designed, constructed, operated and used so as to prevent contamination of groundwater or surface water.

(2) Commercial or Agricultural Tanks: existing or new commercial or agricultural Tanks meeting all requirements of 527 CMR, including those requirements that have deferred effective dates.

(3) Any Hazardous Material that is-subject to the requirements of section 5, 6 or 7 of this Chapter, except that this exemption shall not relieve a person who regularly stores or keeps such Hazardous Material from the requirements of section 4C of this Chapter.

Section 5: Fertilizer and Manure.

A. Fertilizer Storage. Because of the risk of groundwater contamination from rain, wind and weather conditions, the outdoor storage of two hundred (200) pounds or more of fertilizers at any one location is prohibited, except as follows:

(1) The temporary and transitory outdoor storage of fertilizer of no more than one week duration shall be allowed as of right in areas other than within one hundred feet of a well head, bank, or freshwater wetland, beach, marsh, meadow, bog, or swamp, or within two hundred

feet of any estuary, creek, river, stream, pond or lake or any land under said waters or bordering lands subject to flooding as defined in the Sherborn Wetlands Regulations.

(2) Fertilizers may be stored under waterproof roofs where there exists an impermeable floor; **or** in or upon a motor vehicle or trailer, provided that such fertilizers are sealed within waterproof containers and are covered by a waterproof tarp, roof or the equivalent overhead coverage from exposure to weather;-

B. Manure Storage. Manure piles of more than 200 pounds shall not be stored:

(1) within 100 feet of any water supply well head; or

(2) within 100 feet of (a) any bank, freshwater wetland, beach, marsh, meadow, bog, swamp, estuary, creek, river, stream, pond or lake; or (b) bordering land subject to flooding (generally the 100-year storm flood line); all as defined in the Sherborn Wetlands Regulations, unless such storage is covered or within a waterproof container or structure with an impermeable floor that prevents the release of runoff from the manure.

Section 6: Road Salt and Deicing Chemicals.

A. Prohibition of introduction of snow from outside Town into the Town for storage and/or melting. Because of the use of road salt and other deicing chemicals in snow removal and snow clearing, following the effective date of this Bylaw, the transportation of snow from outside the Town into the Town for storage and/or melting within the Town limits is prohibited;

B. The stockpiling or disposal of snow or ice removed from highways, streets, roadways, sidewalks and parking lots is prohibited except as follows:

(1) In the event of severe winter weather the CM&D Director may stockpile snow as necessary only at locations designated by the Board of Selectmen.

(2) Where the Planning Board has required snow removal to maintain parking spaces as a condition of its site plan approval, property owners may remove snow from the premises and stockpile it in coordination with the CM&D Director.

C. Bulk storage. The bulk storage outside of road salt or deicing chemicals or any mixture of sand and road salt or sand and Deicing chemical is prohibited. Bulk storage of road salt or deicing chemicals or any mixture of sand and road salt or sand and deicing chemicals, whether mixed or unmixed, is allowed within weatherproof buildings or under waterproof roofs where there exists an impermeable floor graded to contain spills or discharges or an impermeable floor with a containment berm or wall.

D. Exemption. The following are exempt from the requirements of this Section:

(1) The outside storage of one 25 lb. or less bag of salt or deicing chemical for normal home, office or store use on the premises; or

(2) The outside storage of one 55 gallon drum or equivalent container of sand-salt mixture, provided that the open end of the drum is equipped with a covering.

Section 7: Certain Petroleum-based Commercial Activities Regulated within the Town.

Because of the existence within the Town of certain types of commercial petroleum-based activities and because of the unreasonable risk of groundwater contamination created by such commercial activities, any commercial operation within the Town, whether new or pre-existing, involving new or used automobile and/or truck sales or storage establishments, gasoline service stations, automobile repair shops, truck service stations, or similar commercial petroleum-based establishments, shall be required following the effective date of this Bylaw to comply with the standards set forth below, without regard to whether such activities are new or pre-existing:

A. Such activity is at all times to be in full compliance with a site management plan prepared by the owner or operator of the site and approved by the Board of Health, which plan is to specify

(i) storage, use and handling of any Hazardous Materials or petroleum products utilized on the site and

(ii) the precautions taken or to be taken to minimize the threat of spills and to prevent the discharge of contaminants into the soil and groundwater of the Town; and

B. The activity must at all times be in compliance with the requirements of Sections 3 and 4 of this Chapter, if applicable; and

C. Such activity shall at all times be conducted so that all reasonable precautions are taken to minimize the threat of spills and to prevent the discharge of contaminants into the soil and groundwater of the Town of Sherborn.

Section 8: Solid Waste.

The disposal within the Town of solid waste except grass, compost, brush and other decomposing plant or animal material other than at the Sherborn Transfer Station, or at such locations as may be established from time to time by the Board of Health, is prohibited.

Section 9: Application of this Bylaw to Operations and Activities of the Town of Sherborn.

All Departments of the Town of Sherborn shall comply with all Sections of this Bylaw.

Section 10: Report of Leaks, Spills and Discharges.

In the event of a Discharge, spill or loss of petroleum product, pesticides, Hazardous Materials or other chemicals regulated by this Bylaw, or the unaccounted for decline in volume of such substances that may indicate that a leak or discharge has occurred, that requires such owner or operator to report such spill, loss or discharge to representatives of the governments of the United States or the Commonwealth of Massachusetts, such owner or operator shall also immediately provide duplicate notification or report to the Fire Chief and to the Board of Health.

Section 10A: Pesticide Storage

The Town recognizes that Pesticides play an important and necessary role in controlling insects and other pests. To protect further the groundwater of the Town, the storage of two hundred and fifty (250) pounds or more of Pesticides on one lot of land within the Town of Sherborn is prohibited unless such Pesticides are stored in sheltered conditions within weatherproof buildings where there exists an impermeable floor. This Section 10A shall take effect on January 1, 1995.

Section 11: Enforcement.

Violations of this Chapter shall be governed by Chapter 16 of the General Bylaws. Each day during which the violation occurs shall constitute a separate offense.

Section 12: Severability.

Provisions of this Chapter are severable and if any provision hereof shall be held invalid by any court of competent jurisdiction under any circumstances, such invalidity shall be construed as narrowly as possible and the balance of the Chapter shall be deemed to be amended to the minimum extent necessary to effect its purposes.

Minimum Weight Bearing - The Superintendent of Streets shall approve the minimum weight bearing capacity as certified by a Registered Professional Engineer of all such driveways at such locations where the driveway shall consist of a bridge or shall have located under it any culverts or pipes for the purpose of water flow.
- c. Vertical Clearances - All overhead utilities or structures of any kind shall have minimal vertical clearance above said driveway of 15½ feet.

- d. Turnaround - All said driveways shall be constructed with a maintained turnaround area or circular turnaround, in proximity to the dwelling as may be approved by the Superintendent of Streets.
- e. Maximum Grades and Minimum Radii - Said driveway shall be constructed with maximum grade slopes of no more than 8% and minimum turning radii in all locations of not less than 40 feet.
- f. Other Conditions - All applicants for such driveway permits shall submit suitable plans to the Superintendent of Streets for approval, who may impose such conditions in said permit as will reasonably assure access to and from said public street or private way to any dwelling built on the property of the applicant for the purpose of assuring access to such structures of all public safety services.
- g. Waivers - The Superintendent of Streets shall waive any of the requirements of this Section in a given case upon written request by the Planning Board.

Section 3. This Chapter shall not apply to any driveway in existence upon the effective date hereof or to any repair or replacement thereof.

CHAPTER 25. COMPREHENSIVE STORMWATER MANAGEMENT BY-LAW *(Added 2011)*

Section 1: Authority

This By-law is adopted under authority granted by the Home Rule Amendment of the Massachusetts Constitution, the Home Rule statutes and pursuant to the regulations of the federal Clean Water Act found at 40 CFR 122.34.

Section 2: Purpose

The purpose of this By-law is to regulate discharges to the Municipal Separate Storm Sewer System (MS4) to protect the Town of Sherborn's water bodies and groundwater and to safeguard the public health, safety, welfare and the environment. Increased and contaminated stormwater runoff associated with construction sites, developed land uses and the accompanying increase in impervious surface are major causes of impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands and groundwater. This purpose is accomplished through the following:

- 2.1 Institute water resource protection measures identified in the Supplemental Final Comprehensive Water Resource Management Plan / Environmental Impact Report - Commonwealth of Massachusetts EOE File Number 8844 (CWRMP);
- 2.2 Protect groundwater and surface water from degradation;
- 2.3 Promote groundwater recharge;
- 2.4 Require practices to control the flow of stormwater from new and redeveloped sites into the Town storm drainage system in order to prevent flooding and erosion;
- 2.5 Require practices that eliminate soil erosion and sedimentation and control the volume and rate of stormwater runoff resulting from land disturbance activities;
- 2.6 Prevent pollutants from entering the Town's Municipal Separate Storm Sewer System (MS4) and minimize discharge of pollutants from the MS4;
- 2.7 Ensure that soil erosion and sedimentation control measures and stormwater runoff control practices are incorporated into the site planning and design process and are implemented and maintained;
- 2.8 Ensure adequate long-term operation and maintenance of structural stormwater best management practices so that they work as designed;
- 2.9 Comply with state and federal statutes and regulations relating to stormwater discharges; and
- 2.10 Establish the Town's legal authority to ensure compliance with the provisions of this By-law through inspection, monitoring, and enforcement.

Nothing in this By-law is intended to replace the requirements of the Town of Sherborn Zoning By-law, General By-laws, or any other By-law that may be adopted by the Town of Sherborn. Any activity subject to the provisions of the above-cited By-laws must comply with the specifications of each.

Section 3: Definitions

Definitions that apply in the interpretation and implementation of this By-law shall be included as part of any Stormwater Regulations promulgated as permitted under Section 5.2 of this By-law.

Section 4: Applicability

- 4.1** No person shall undertake construction activity that requires **(a)** Planning Board review (including new subdivisions, special permits for multi-family development, and site plan review for new commercial/industrial development or redevelopment), **(b)** a Building Permit (such as new single family residential development or redevelopment), or **(c)** utility line work, AND if the activity will disturb or alter one acre or more of land, either initially or as part of a common plan for development that will disturb or alter one acre or more of land, without obtaining a Stormwater Management Permit (SMP) from the Planning Board.

Any activity that is subject to Site Plan Review or the Subdivision Control Law or requires a Special Permit from the Planning Board per the Sherborn Zoning Bylaw shall be eligible for an SMP to be reviewed and granted as a component of such other permitting process.

4.2 Exemptions

The following activities shall be exempt from the requirement for an SMP:

- 4.2.1** Normal maintenance and improvement of land in agricultural use as defined by M.G.L. Chapter 128 Section 1A.
- 4.2.2** Maintenance of existing landscaping, gardens or lawn areas.
- 4.2.3** Creating impervious area consisting of a previously existing unpaved driveway for a single family dwelling, or expansion of an existing paved driveway for a single family dwelling.
- 4.2.4** The construction of fencing that will not alter existing terrain or drainage patterns.
- 4.2.5** Construction or maintenance and repair of utility service lines (gas, water, electric, telephone, fire alarms, etc.) other than drainage lines or systems, which will not alter terrain, ground cover, or drainage patterns.
- 4.2.6** Emergency repairs to any stormwater management facility.
- 4.2.7** Any work or projects for which all necessary approvals and permits, including building permits, have been issued before the effective date of this By-law.
- 4.2.8** Construction of items normally appurtenant to residential uses, such as decks; patios; walkways; fruit, vegetable, or flower gardens; driveways; sheds; swimming pools; and tennis or basketball courts.
- 4.2.9** Repair or replacement of septic systems.

4.2 10 Any construction activity or project wholly within the jurisdiction of the Conservation Commission provided that an Order of Conditions has been issued by the Conservation Commission.

Section 5: Administration

- 5.1** The Planning Board shall administer and implement this By-law.
- 5.2 Rules And Regulations** - The Planning Board may adopt, and periodically amend, Rules and Regulations relating to the terms, performance standards, conditions, definitions, enforcement, fees (including application, inspection, and/or consultant fees), procedures and administration of this Comprehensive Stormwater Management By-law by majority vote of the Planning Board, after conducting a public hearing to receive comments on any proposed Rules and Regulations or revisions thereto. Such hearing dates shall be advertised in a newspaper of general local circulation, at least seven days prior to the hearing date. After public notice and public hearing, the Planning Board may promulgate Rules and Regulations to effectuate the purposes of this By-law. Failure by the Planning Board to promulgate such Rules and Regulations or a legal declaration of their invalidity by a court shall not act to suspend or invalidate the effect of this By-law.
- 5.3 Stormwater Management Handbook** - The Planning Board will utilize the policy, criteria and information including specifications and standards of the latest edition of the Massachusetts Stormwater Management Standards and Handbook for execution of the provisions of this By-law. This Handbook includes a list of acceptable stormwater treatment practices, including the specific design criteria for each stormwater practice. The standards and handbook may be updated and expanded periodically, based on improvements in engineering, science, monitoring, and local maintenance experience.
- 5.4 Actions** - The Planning Board may take any of the following actions as a result of an application for a Stormwater Management Permit as more specifically defined as part of Stormwater Regulations promulgated as a result of this By-law: Approval, Approval with Conditions, or Disapproval.
- 5.5 Appeals Of Actions** - A decision of the Planning Board shall be final. A decision by the Planning Board made under this Section 24 shall be reviewable in the Superior Court in an action in the nature of certiorari filed within 60 days thereof, in accordance with Massachusetts General Laws chapter 249 Section 4.
- 5.6 Permits And Procedures** - Permit Procedures and Requirements shall be defined and included as part of any Rules and Regulations promulgated as permitted under Section 5.2 of this By-law.
- 5.7 Water Resources Mitigation Fund** - The Planning Board may allow the applicant to contribute to the Town of Sherborn Water Resources Mitigation Fund where it has been demonstrated that there are not sufficient conditions for onsite stormwater best

management practices in order to meet the Performance Standards as described in the Regulations promulgated under this By-law. Funds may be used to design and construct stormwater projects that will improve the quality and quantity of surface waters in Sherborn by treating and recharging storm water from existing impervious surfaces that is now discharged to said waters with inadequate treatment or recharge. The amount of the contribution to the fund shall be determined by the Planning Board.

Section 6: Enforcement.

- 6.1** The Building Inspector and the Police shall be the enforcement agents. When the Planning Board or its enforcing agent determines that an activity is not being carried out in accordance with the requirements of this Chapter, Stormwater Regulations or an SMP, the agent shall issue a written notice of violation to the owner of the property. Persons receiving a notice of violation may be required to:
- 6.1.1** Halt all construction activities until there is compliance. A “stop work order” will be in effect until the Planning Board or its agent confirms that the activity is in compliance and the violation has been satisfactorily addressed.
 - 6.1.2** Maintain, install or perform additional erosion and sedimentation control measures;
 - 6.1.3** Monitor, analyze and report to the Planning Board regarding progress in addressing activities cited in a notice of violation;
 - 6.1.4** Remediate erosion and sedimentation resulting directly or indirectly from the activity.
 - 6.1.5** Failure to comply with a notice of violation in the time specified therein constitutes a violation of this By-law and may result in penalties in accordance with the enforcement measures authorized in this Chapter.

Each day or part thereof that such violation occurs or continues shall constitute a separate offense, and each provision of the Chapter, Regulations or SMP violated, shall constitute a separate offense.
- 6.3** Non-Criminal Disposition. As an alternative to the penalty in Section 6.2, the enforcing authority may elect to utilize the non-criminal disposition procedure set forth in Chapter 16, Section 2 of the General Bylaws of the Town of Sherborn. Each day or part thereof that such violation occurs or continues shall constitute a separate offense, and each provision of this Chapter, Regulation or permit violated shall constitute a separate offense. The penalty for non-criminal disposition shall be \$200.00 per violation.

Section 7 Severability

If any provision, paragraph, sentence, or clause of this By-law shall be held invalid for any reason, all other provisions shall continue in full force and effect.

CHAPTER 26 STRETCH ENERGY CODE *(Added 2011)***Section 1 Definitions.**

International Energy Conservation Code (IECC) 2009 - The International Energy Conservation Code (IECC) is a building code created by the International Code Council. It is a model code adopted by many state and municipal governments in the United States for the establishment of minimum design and construction requirements for energy efficiency. Commencing on July 1, 2010, the baseline energy conservation requirements of the Massachusetts State Building Code will default to IECC 2009 and Massachusetts amendments.

Stretch Energy Code - Codified by the Board of Building Regulations and Standards as 780 CMR Appendix 115. AA, the Stretch Energy Code is the International Energy Conservation Code (IECC) 2009 with amendments contained herein.

Section 2 Purpose.

If the Plan and a written employment or collective bargaining agreement conflict, the written employment agreement or collective bargaining agreement shall govern but solely to the extent of the conflict.

3. JOB CLASSIFICATIONS AND EMPLOYMENT CATEGORIES

Employees of the Town shall be designated as working in one of the Job Classifications listed in the Job Classification Plan and be assigned to one of the following Employment Categories:

a. REGULAR FULL-TIME

Employees regularly scheduled to work at least 40 hours per Work Week are Regular Full-Time Employees.

b. REGULAR PART-TIME

Employees regularly scheduled to work at least 20 hours per Work Week but not more than 39 hours per Work Week for no less than 10 consecutive months in any 12 consecutive month period are Regular Part-Time Employees.

c. SUPPLEMENTAL PART-TIME

Employees regularly scheduled to work fewer than 20 hours per Work Week are Supplemental Part-Time Employees.

d. CASUAL PART-TIME

Employees who work for the Town on an occasional basis and are paid an hourly rate for such work are Casual Part-Time Employees.

e. TEMPORARY OR SEASONAL

Employees employed on a full-time or part-time basis for a specific short and defined period of time not exceeding six (6) consecutive months in any one 12 consecutive month period are Temporary or Seasonal Employees.

4. WORK HOURS AND PAY

- a. Work Schedule: Employees are generally scheduled to work four (4) or five (5) days per Work Week with their allotted hours distributed over the Work Week, based on the needs of their Departments. An Employee who works six (6) or more hours in any one (1) day is scheduled for a one-half hour unpaid meal period. Daily and weekly work schedules

may be changed from time to time at the discretion of the Town, acting through the Appointing Authority, to meet the varying needs of the Town. An Employee may be asked to work more or fewer than eight (8) hours in any given day, and to work those hours consecutively or with a break of several hours, depending on the Town's needs.

b. Fair Labor Standards Act (FLSA) Status:

- i. Non-Exempt: Non-exempt Employees will receive compensatory time for all hours worked in any single Work Week in excess of their regularly scheduled hours. A non-exempt Employee will accrue one (1) hour of compensatory time for every hour worked in excess of his or her regular hours in any Work Week up to 40 hours and 1.5 hours of compensatory time for each hour worked in excess of 40 in any Work Week. Compensatory time must be approved by the Employee's Supervisor, and Supervisors must maintain written records of all additional hours worked. Such compensatory time may be used in the same manner as vacation time. Employees must use accrued compensatory time, if any, before using vacation time. When an Employee's Employment terminates for any reason, the Employee will be paid for all accrued, unused compensatory time at the Employee's hourly rate in effect at the time of his or her termination.
- ii. Exempt: Exempt Employees are salaried, and are expected to work the hours necessary to complete their assignments in a professional manner. Department Heads may exercise discretion in modifying schedules from time to time in recognition of excess hours worked, provided that such scheduling changes do not result in increased payroll expense.

Under the FLSA, Exempt Employees are paid on a "salary basis," meaning that the Employee regularly receives a predetermined amount of compensation each pay period. The predetermined amount cannot be reduced because of variations in the quality or quantity of the Employee's work. Subject to exceptions listed below, an Exempt Employee must receive the full salary for any Work Week in which the Employee performs any work, regardless of the number of days or hours worked. Exempt Employees do not need to be paid for any Work Week in which they perform no work.

Deductions from the pay of Exempt Employees will be made only in the following circumstances: (1) an Exempt Employee is absent from work for one or more full days for personal reasons other than sickness or disability and has used all of his or her vacation and personal days; (2) an Exempt Employee is absent from work for one or more full days due to sickness or disability, the Employee has used all of his or her sick days, and the Employee is not eligible for short term disability pay; or (3) to offset amounts Employees receive as jury duty fees, or for military pay. Also, the Town is not required to pay the full salary in the first or last Work Week of Employment or for Work Weeks in which an Exempt Employee takes unpaid leave under the Family and Medical Leave Act (FMLA). In these circumstances, either partial day or full day deductions may be made. Nothing in this Section would prevent an Exempt Employee from being demoted into another position or from having their employment terminated.

- The Town's policy is to comply with the salary basis requirements of the FLSA. Therefore, any improper deduction may not be made from the salaries of Exempt Employees. If an Employee believes that an improper deduction has been made from his or her salary, the Employee should immediately report this information to the Finance Director/Accountant or designee.
- b. **Improper Deductions:** The Finance Director or his or her designee shall promptly investigate reports of improper deductions. Employees shall be promptly reimbursed for any improper deduction.
 - c. **Work From Home:**
 - i. **General Rule:** The Town does not permit Employees to self-determine a work-from-home schedule. Every Employee is expected to perform his or her work at the designated workplace during their designated work hours.
 - ii. **Exceptions to General Rule:** From time to time, a Department Head may, however, determine that working from home may be appropriate, on a temporary basis, for a certain Employee. Work from home arrangements shall be assessed by the Town Administrator on a case-by-case basis in a timely manner, focusing on the operational needs of the Department. Approval to work from home in no way changes the terms and conditions of Employment with the Town.
 - iii. **Exception Request Procedure:** If an Employee's Department Head deems that working from home is warranted, the Department Head shall file a written request with the Town Administrator with as much advance notice as possible. The written request shall detail the basis for, and the length of, the work-from-home request. The request must also explain how an Employee working from home will perform all functions of his or her position. If working from home requires the use of Town property, the written request must include a written explanation of how the security, confidentiality and privacy of the Town property will be maintained. The Town Administrator's written approval or disapproval of the request shall be final. If a Department Head does not follow the process described in the Plan or does not accept the Town Administrator's final decision, the Town Administrator will send written notification of the Plan violation to the Board of Selectmen and Personnel Board.

Likewise, the Employee will be given a full month of vacation credit when determining his or her vacation day credit if the date of Employment termination is after the 15th day of the month in which the termination of Employment occurs. Except as provided in this subsection of the Plan, the computation of an Employee's vacation entitlement shall be made counting only full calendar months of consecutive Employment toward the service required for eligibility.
 - ii. No Employee is eligible to use any vacation day credit until the Employee has been employed by the Town for a least six (6) months.
 - iii. An Employee who terminates his or her Employment having earned and accumulated but not used vacation day credit shall be eligible for payment for the earned and accumulated vacation day credit at the time of his or her Employment termination. If Employment is terminated because of an Employee's death, the Town shall pay his or her estate for the deceased Employee's earned and accumulated vacation day credit as of the date of death. Employees who have not been in the Town's Employment for at least six (6) months shall not be eligible for any vacation credit or payment for any unused vacation days.
 - iv. Any Employee who is involuntarily called to fulfill his or her military service duty shall receive payment for the vacation day credit on the date of his or her leaving the Town's active Employment as if he or she had terminated Employment on that date.
- c. Vacation day credit shall not be cumulative from Fiscal Year to Fiscal Year except as provided in the Plan. Employees entitled to two (2) weeks of vacation day credit may carry over up to one (1) week of vacation day credit to the following Fiscal Year. Employees with three (3) or more weeks of vacation day credit may carry over up to two (2) weeks of vacation day credit to be taken in the following Fiscal Year. Vacation day credit not taken in the Fiscal Year immediately following the Fiscal Year in which it was earned or in the Fiscal Year to which it is carried over as provided in the Plan shall be forfeited. The Finance Director/Accountant or his or her designee will notify the Employee's Supervisor and each Employee of his or her leave accumulation vacation day credit as of July 1 of each Fiscal Year. The annual vacation day credit notice also shall advise the Employee of the amount of vacation day credit that may be carried over and the amount that will be forfeited if not taken within the Fiscal Year.
- d. All Employees eligible for vacation days shall use vacation days in accordance with a schedule mutually agreed upon by the Employee and his or her Supervisor or Department Head. Employees are encouraged to use vacation days in full week increments. Each

Supervisor or Department Head shall establish notice and scheduling requirements governing the scheduling of use of vacation days for the Employees in his or her respective Departments.

- e. A Regular Full-Time Employee shall be paid for vacation days at the per diem rate of pay received by the Employee at the time a vacation day is used.
- f. A Regular Part-Time Employees shall be paid during vacation days at the per diem rate of pay received by the Employee at the time the Employee takes the vacation. The vacation day credit granted to Part-Time Employees shall consist of the same percentage of the day or vacation day that his or her Employment bears to full-time Employment.

- a. Regular Full-Time Employees shall be paid for each of the holidays set out in this subsection of the Plan. Payment shall be at the Employee's regular hourly rate or daily rate as applicable. Paid holidays shall not be granted to Temporary, Casual Part-Time, Supplemental Part-Time, or Seasonal Employees.
- b. Regular Part-Time Employees shall be paid for each of the holidays set out in subsection c. The paid holiday granted to Part-Time Employees shall consist of the same percentage of a day that his or her Employment bears to Full Time Employment. A paid holiday that falls on a day which an Employee's Department is normally closed and Employees of the Department normally do not work shall be celebrated on the regular work day for that Department that is closet in time to the actual date on which the paid holiday falls.
- c. Schedule of Paid Holidays: New Years Day, Memorial Day, Veterans Day, Martin Luther King Day, Presidents Day, Patriots Day, Independence Day, Labor Day, Columbus Day, Thanksgiving Day and Christmas Day. The paid holiday schedule may be altered by the Board of Selectmen at the beginning of a calendar year, provided that Employees are granted an equivalent number of paid holidays.

Employees may accumulate a maximum of sixty (60) sick days. Regular Part-Time Employees shall be paid for sick days on a pro-rata basis, in the same proportion that their regularly scheduled weekly hours bears to Full-Time Employment.
- b. Employees will be granted military leave in accordance with federal and state law.

12. FAMILY MEDICAL LEAVE ACT (FMLA) AND SERVICE MEMBER FAMILY LEAVE

- a. FMLA Leave: The Town will grant a leave of absence to Employees who meet the eligibility requirements described in this section of the Plan for: (1) the care of a child after

birth or adoption or placement with the Employee for foster care; (2) the care of a spouse, child, or parent (each a “Family Member” for purposes of this section of the Plan) with a serious health condition; (3) an Employee's own serious health condition; or (4) a “qualifying exigency” arising because a Family Member is on or is called to active duty in the Armed Forces in support of a military contingency operation (“FMLA Leave”). FMLA Leaves will be granted for a period of up to twelve (12) Work Weeks in any rolling 12-month period, which is measured backward from the date of an Employee’s qualifying FMLA event. Any FMLA Leave used during the previous 12 months is subtracted from the Employee’s 12-week FMLA allotment.

To be eligible for an FMLA Leave, an Employee must have completed at least one (1) full year of service with the Town and have worked a minimum of 1,250 hours in the 12-month period preceding the FMLA Leave.

If an Employee’s FMLA Leave is planned in advance, the Employee must provide the Town Administrator with at least 30 days’ notice prior to the anticipated FMLA Leave date, using the Town's official FMLA Leave Forms. FMLA Leave Forms must be obtained from the Town Administrator. If the FMLA Leave is unexpected, the Employee should notify the Town Administrator as far in advance of the anticipated FMLA Leave date as is practicable.

All Town benefits that operate on an accrual basis will continue to accrue during the paid FMLA Leave period. However, such accruals will cease once the Employee is on unpaid leave status. Employees will be required to use all available paid leaves during the FMLA Leave period[A4]. Once such benefits are exhausted, the balance of the FMLA Leave will be without pay. All group health benefits will continue during the FMLA Leave for so long as the Employee continues regular Employee contributions to these plans.

Employees requesting a FMLA Leave to care for a covered Family Member with a serious health condition may be required to provide medical certification to the Town Administrator from the Family Member's physician attesting to the nature of the serious health condition, probable length of time treatment will be required, and the reasons that the Employee is required to care for the Family Member. Employees may also be required to provide additional physician's statements at the Town Administrator’s request.

If an Employee expects to be or is absent for more than five (5) consecutive work days as a result of the Employee’s own serious health condition (including pregnancy), the Employee will be required to submit appropriate medical certification to the Town Administrator from the Employee’s physician. Such certification must include, at a minimum, the date the disability began or is expected to begin, a diagnosis, and the probable date of the Employee’s return to work. During an FMLA Leave, Employees may also be required to provide the Town Administrator with additional physician’s statements on request from the Town Administrator attesting to the Employee’s continued disability and inability to perform the essential functions of their position with or without reasonable accommodation.

Before an Employee will be permitted to return from FMLA Leave due to the Employee’s serious health condition, the Employee will be required to present the Town Administrator with a note from the Employee’s physician indicating that the Employee is capable of returning to work and performing the essential functions of his or her position with or without reasonable

accommodation. If required, the Town Administrator will consider making reasonable accommodation for any disability the Employee may have in accordance with applicable laws.

FMLA Leave taken to care for a newborn child, an adopted child, or for a child placed in the Employee's home for foster care, must be taken in consecutive Work Weeks. Leave taken for any other reason may be taken consecutively, intermittently, or on a reduced work/leave schedule based on certified medical necessity. In such instances, the Town Administrator will follow applicable law in reviewing and approving such leave requests.

b. Service Member Family Leave: The Town Administrator acting on behalf of the Town will also grant a leave of absence to Employees who meet the eligibility requirements described below to care for a Family Member or next of kin who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on a temporary disability retired list, for a serious injury or illness which was incurred in the line of duty and which renders the service member unfit to perform the duties of the service member's office, grade, rank or rating. Eligible Employees may take up to 26 Work Weeks of Service Member Family Leave in any rolling 12 month period (calculated the same way as FMLA Leave). Employees cannot exceed a combined total of 26 Work Weeks of FMLA and Service Member Family Leave in any 12-month period.

Employees who intend to take an FMLA Leave because of a qualifying exigency covered by the Service Member Family Leave shall provide notice to the Town Administrator as soon as is practicable. Employee requests for a Service Member Family Leave shall be supported by a certification of the need for such leave.

c. Return from Leave: Upon return from FMLA or Service Member Family Leave, an eligible Employee is entitled to be reinstated to his or her former position, or an equivalent position with equivalent Employment benefits, pay, and other terms and conditions of Employment. Exceptions to this reinstatement requirement may apply if circumstances have changed (e.g., if the Employee's position is no longer available due to a job elimination[A5]).

To the extent any provision in this Plan conflicts with the provisions of the FMLA, the terms of the FMLA shall prevail.

13. SMALL NECESSITIES LEAVE

Employees who are eligible for FMLA Leave are also eligible for Small Necessities Leave. An eligible Employee (as defined in the FMLA Leave policy described above) is entitled to a total of 24 hours of Small Necessities Leave during a rolling 12-month period, which is measured backward from the date of an Employee's Small Necessities Leave event. Any Small Necessities Leave used during the previous 12 months is subtracted from the Employee's 24-hour Small Necessities Leave allotment. In addition to FMLA Leave, Small Necessities Leave may be granted for the following purposes:

- To participate in activities directly related to the educational advancement of a son or daughter of the Employee, such as parent-teacher conferences or interviewing for a new school;

- Accompanying a son or daughter of the Employee to routine medical or dental appointments, such as check-ups or vaccinations; and
- Accompanying an elderly relative of the Employee to routine medical or dental appointments or appointments for other professional services related to the elder's care, such as interviewing at nursing or group homes.

Employees will be required to use all available paid leaves during the Small Necessities Leave period. Once exhausted, the balance of the Small Necessities Leave will be without pay. Employees may take Small Necessities Leave intermittently or through a reduced work schedule.

If the necessity for Small Necessities Leave is foreseeable, the Employee must provide the Town Administrator with not less than seven (7) calendar days' advance written notice before the date on which Small Necessities Leave is to begin. If the necessity for Small Necessities Leave is not foreseeable, the Employee shall provide such notice as is practicable.

14. PARENTAL LEAVES OF ABSENCE

Full-time Employees who do not qualify for an FMLA Leave or who have used all of their FMLA leave and who have been employed by the Town for at least three consecutive months may request a Parental Leave of Absence for the purpose of giving birth, adopting a child under the age of eighteen, or adopting a child under the age of twenty-three if the child is mentally or physically disabled.

Leave requests must be made in writing at least two weeks in advance of the date the Employee would like the leave to begin or, in emergency situations, with as much advance notice as is practicable.

Parental Leaves of Absence will be unpaid and may be taken for up to eight (8) Work Weeks. However, an Employee may elect to use available paid leave time. Employees will not accrue additional paid leave time during a Parental Leave of Absence.

An Employee on Parental Leave must give the Town Administrator written notice of his or her intention to return to work, at least two (2) calendar weeks before the end of the eight (8) Work Week leave period. An Employee who returns from Parental Leave by the end of the eight (8) Work Week period will be reinstated to the same position in which he/she worked prior to leave, or a similar position with similar status and pay[A6].

When applicable, FMLA leave and parental leave may be applied and used concurrently.

15. ADMINISTRATIVE LEAVE

An Employee may submit a written request for up to three (3) days of unpaid Administrative Leave during each Fiscal Year. The Town Administrator may grant the Employee administrative leave for reasons that are jointly determined to be in the best interest of the Town. An Employee may submit a written request for up to three (3) days of unpaid Administrative Leave during each Fiscal Year. The Town Administrator may grant the Employee administrative leave for reasons that are jointly determined to be in the best interest of the Town.

16. GROUP INSURANCE

The Town offers Regular Full-Time Employees and Regular Part-Time Employees a group life insurance plan and group health insurance plan.

17. RETIREMENT

Pursuant to and in accordance with the applicable sections of M.G. L. Chapter 32, all Regular Full-Time and certain Regular Part-Time Employees who are under age 65 are required to join the Middlesex County Retirement System (MCRS). This contributory benefit is funded jointly through a mandatory payroll deduction and the Town.

18. PERFORMANCE EVALUATIONS

a. Annual Performance Evaluations: All Regular Full-Time and Regular Part-Time Employees of the Town shall be evaluated annually on or before July 1 of each Fiscal Year. Department Heads shall use the Employee Performance Evaluation Form issued by the Town Administrator and shall submit completed Performance Evaluation Forms on or before September 1 of each Fiscal Year to the Town Administrator.

b. Probationary Performance Evaluations: A newly hired Employee shall be evaluated, in writing, by his or her Department Head after the completion of the applicable probationary period (as defined and described in this Plan). If the probationary period (or any extension thereof approved by the Town Administrator) ends between April 1 and July 1 of the Fiscal Year, the first annual performance evaluation will take place the following Fiscal Year on or before July 1. All completed Performance Evaluation Forms shall be submitted to the Town Administrator within 30 days following the applicable probationary period.

c. All Performance Evaluations: The Employee and Department Head will each sign the Performance Evaluation Form after the Employee's evaluation is complete to signify their agreement that the evaluation has been conducted. The Department Head shall give the Employee a signed copy of the Performance Evaluation Form, retain a copy of the signed Performance Evaluation Form, and forward a copy of the signed Performance Evaluation Form to the Town Administrator for the Employee's personnel file.

d. Performance Evaluations Forms shall be locked and maintained under the control of the Town Administrator, acting as Human Resources Director. The Town Administrator's personnel file (including Performance Evaluation Forms) shall be maintained in a locked file at Town Hall under the control of the Board of Selectmen.

19. POSITION RECLASSIFICATION

a. All position reclassifications and related job description changes and pay rate adjustments shall be documented in an approved Personnel Action Form.

b. No position may be reclassified either higher or lower, until:

- i. the Town Administrator has determined that such a reclassification will be consistent with the By-Law, the Job Classification Plan, and the operational needs of the Town and,

- ii. the Personnel Board has approved the reclassification.

20. HIRING

- a. All new hires must be initiated by submitting the Town's Personnel Requisition Form. A job description approved by the Appointing Authority, the Town Administrator, and the Personnel Board must be attached to the Personnel Requisition Form prior to the announcement of the job opening. Compensation for the position must be consistent with Section 21 of this Plan. Failure to complete the Town's Personnel Requisition Form may delay or nullify an applicant's Employment.
- b. Job openings must be published at least once in a local paper of general circulation and/or a municipal publication, and posted on the Town's website and Town Hall Bulletin Board at least 14 calendar days prior to the job being filled, unless exigent circumstances require that the position be filled in a shorter timeframe. The announcement will include at least job title, pay range, summary of job duties, application deadline, and instructions on how to apply.
- c. An applicant shall complete the Town's Application for Employment prior to being interviewed. For a period of no less than 12 months after the job has been filled, the Appointing Authority shall retain all materials submitted by the applicant, all of the Applications for Employment and associated records concerning the position and filling of the position. The Applications for Employment and related records shall be available for review at any time by the Town Administrator upon request during the 12 month period after the job has been filled.
- d. Prior to offering Employment to an applicant on behalf of the Town, the Appointing Authority shall submit a copy of the applicant's Application for Employment and a draft Employment Offer Letter to the Town Administrator utilizing the Personnel Action Form. With this submission, the Appointing Authority shall: report the number of responses received; the number of applicants determined to be qualified; the number of applicants interviewed; and, where/when and by whom the interviews were conducted.
- e. All hires must be in compliance with M.G.L. Chapter 268A, Conduct of Public Officials and Employees.
- f. The Town reserves the right to conduct layoffs or eliminate positions due to budget constraints, reorganization, or other operational needs. Under such circumstances, the Employee will be given written notice from the Town Administrator. In the event that a position is restored within one (1) Fiscal Year, the Employee will be notified of the callback opportunity. The Employee must notify the Town whether he or she will accept the callback within three (3) business days. For a period of one (1) Fiscal Year, an Employee who had had his or her position eliminated or is involved in a layoff, will be given preference in hiring processes involving Town positions for which the Employee meets minimum qualifications.

21. PAY AND SALARY SCHEDULE

- a. The Town endeavors to set competitive pay rates for each Town job that are comparable to pay rates for comparable work in similarly situated towns. Pay rates also take into consideration comparable Town positions and the Town's budgetary constraints.

- b. The job classification for each job covered by the Plan is set forth in the Job Classification Plan.
- c. The pay rate for each classification or job within a classification shall be determined by the Personnel Board in conjunction with the Town's budgetary process.

22. PROBATIONARY PERIOD FOR NEW HIRES

- a. New Hires: The probationary period for newly hired Employees shall be six months. A probationary period may be extended for up to an additional six (6) months upon request to and approval by the Town Administrator using the Personnel Action Form. A copy of the approved probationary period extension shall be provided to the employee in writing. A probationary period may be established for up to one (1) Fiscal Year from the date of Employment at the discretion of the Appointing Authority.
- b. Other Actions: A six-month probationary period shall also be implemented when an Employee's job is combined or reclassified, or an Employee is reassigned or voluntarily transfers to a new job.

23. EQUAL EMPLOYMENT OPPORTUNITY

- a. Equal Employment Opportunity Policy: The Town provides equal employment opportunities to all Employees and applicants for Employment without regard to race, color, religion, sex, sexual orientation, national origin, age, disability, genetic information, status as a veteran or as a member of the military or status in any group protected by applicable federal or state laws. This policy applies to all terms and conditions of Employment, including hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.

The Town expects that all Employees will treat one another with respect and cooperation. The Town expressly prohibits any form of unlawful Employee discrimination or harassment based on race, color, religion, sex, sexual orientation, national origin, age, disability, genetic information, status as a veteran or a member of the military, or status in any group protected by applicable federal or state law. The purpose of this equal employment opportunity policy is not to regulate Employees' personal morality but rather to ensure that interference with the ability of a Town Employee to perform his or her expected job duties is not tolerated and may be cause for termination by the Appointing.

- b. Equal Employment Opportunity Complaint Procedure: Supervisors and Department Heads are responsible for creating an atmosphere free of discrimination and harassment, and Employees are responsible for respecting the rights of their coworkers.

If an Employee experiences any job-related discrimination or harassment based on his or her race, color, religion, sex, sexual orientation, national origin, age, disability, veteran or military status, or status in any group protected by applicable law, or believes that he/she has been treated in an unlawful, discriminatory manner, the Employee should report the incident in writing to the Town Administrator.

When the Town Administrator receives a complaint, the Town Administrator shall report to the Chair of the Personnel Board that a complaint has been made. The Chair and the Town Administrator shall jointly determine, on a case by case basis, whether the Town Administrator will conduct the investigation. The complaint will be promptly investigated in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. The investigation will include a private interview with the complainant, the person about whom the complaint has been made and with witnesses as necessary.

When the investigation is completed, the Town Administrator may seek additional advice as appropriate. The Town Administrator or designee shall present the findings and conclusions about the facts of the matter in writing to the Employee and to the Chair of the Personnel Board. Thereafter, the appropriate Department Head will, to the extent appropriate, be informed of the complaint and the investigation results by Town Administrator. The Town Administrator will review recommended personnel actions, up to and including termination, with the Department Head and appropriate parties.

If the complaint filed pursuant to this section involves the Town Administrator, the Employee will report the matter to the Chair of the Personnel Board. The Chair shall then consult with Town Counsel and the Chair of the Board of Selectmen on a proper course of action, which may include designating Town Counsel, an outside party, or other member of the Personnel Board to promptly investigate the matter in a manner consistent with the procedures set forth in the previous subsections of this section. The findings of the investigation shall be submitted to the Chair of the Personnel Board and to the Chair of the Board of Selectmen.

The Town prohibits any form of retaliation against an Employee for filing a bona fide complaint under this equal employment opportunity policy or for assisting in a complaint investigation. However, if, after investigating any complaint of unlawful discrimination or harassment, the Town Administrator determines that an Employee has knowingly provided false information regarding the complaint, disciplinary action may be taken against the individual who filed the complaint or who knowingly provided false information. Disciplinary action may be taken, up to and including termination.

24. SEXUAL HARASSMENT POLICY AND COMPLAINT PROCEDURE

a. Introduction: The Town's goal is to promote a workplace that is free of sexual harassment. Sexual harassment of Employees occurring in the workplace or in other settings in which Employees may find themselves in connection with their Employment is unlawful and will not be tolerated by the Town. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated. To achieve our goal of providing a workplace free from sexual harassment, the conduct that is described in this policy will not be tolerated, and the Town has provided a procedure by which inappropriate conduct will be dealt with, if encountered by Employees.

The Town takes allegations of sexual harassment seriously. The Town will respond promptly to complaints of sexual harassment, and where it is determined that such inappropriate conduct has occurred, it will act promptly to eliminate the conduct and impose such corrective action

as is necessary, including disciplinary action where appropriate. An Employee may be placed on administrative leave pending investigation.

This sexual harassment policy sets forth the Town's goals of promoting a workplace that is free of sexual harassment. The sexual harassment policy is not designed or intended to limit its authority to discipline or take remedial action for workplace conduct which it deems unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment set forth below.

b. Definition of Sexual Harassment: In Massachusetts, the following legal definition applies:

“Sexual harassment” means sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

- (a) Submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of Employment or as a basis for Employment decisions; or,
- (b) Such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment.

Under these definitions, direct or implied requests by any person employed by the Town for sexual favors in exchange for actual or promised job benefits such as favorable reviews, salary increases, promotions, increased benefits, or continued Employment constitutes sexual harassment.

In addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating a workplace environment that is hostile, offensive, intimidating or humiliating to the Town's Employee or Employees may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct which if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances - whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life, comment on an individual's body, comment about an individual's sexual activity, deficiencies or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments related to sexual harassment;
- Inquiries into one's sexual experiences; and,

- Discussion of one's sexual activities.

All Employees should take special note that, as stated above, retaliation against an individual who has complained about sexual harassment and retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is unlawful and will not be tolerated by the Town.

c. Complaints of Sexual Harassment: If any Town Employee believes that he or she has been subjected to sexual harassment, the Employee has the right to file a complaint with the Town. The complaint should be in writing and submitted to the Town Administrator.

The Town Administrator is also available to discuss any concerns the Employee may have and to provide information to the Employee about the Town's policy on sexual harassment and its complaint process.

d. Sexual Harassment Investigation: When the Town Administrator receives a complaint, the Town Administrator shall report to the Chair of the Personnel Board that a complaint has been made. The Chair and the Town Administrator shall jointly determine, on a case by case basis, whether the Town Administrator will conduct the investigation. The complaint will be promptly investigated in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. The investigation will include a private interview with the person filing the complaint, the person about whom the complaint has been made, if possible, and with witnesses as necessary.

When the investigation is completed, the Town Administrator may seek additional advice as appropriate. The Town Administrator or designee shall present the findings and conclusions about the facts of the matter in writing to the Employee and to the Chair of the Personnel Board. Thereafter, the appropriate Department Head will, to the extent appropriate, be informed of the complaint and the investigation results by the Town Administrator. The Town Administrator will review recommended personnel actions, up to and including termination, with the Department Head and appropriate parties involved in the complaint.

In the event the complaint filed pursuant to this section involves the Town Administrator, the Employee will report the matter to the Chair of the Personnel Board. The Chair shall then consult with Town Counsel and the Chair of the Board of Selectmen on a proper course of action, which may include designating Town Counsel, an outside party, or other member of the Personnel Board to promptly investigate the matter in a manner consistent with the procedures set forth in the previous subsections of this section. The findings of the investigation shall be submitted to the Chair of the Personnel Board and to the Chair of the Board of Selectmen.

If it is determined that the Town Administrator is in violation of the Town's sexual harassment policy, the Board of Selectmen will act promptly to eliminate the offending conduct, and if appropriate, the Board of Selectmen may also impose disciplinary action up to and including termination.

e. State and Federal Remedies: In addition to the above, if an Employee believes that he or she has been subjected to sexual harassment, the Employee may file a formal complaint with either or both of the government agencies set forth below. Using the Town's complaint process

does not prohibit Employees from filing a complaint with these agencies. Contact each agency directly to get information on time constraints for filing a claim.

25. INDIVIDUALS WITH DISABILITIES

The Town complies with the Americans with Disabilities Act (ADA) and applicable state law providing for nondiscrimination in Employment against qualified individuals with disabilities. The Town also provides reasonable accommodation for such individuals in accordance with disability laws. Qualified individuals with disabilities may make requests for reasonable accommodation to the Town Administrator.

26. ABSENTEEISM AND TARDINESS

If an Employee is unable to work as scheduled, the Employee must notify his or her Supervisor prior to the start of the work day whenever possible. Failure to properly notify your Supervisor results in an unexcused absence. If an Employee is absent for more than three (3) consecutive work days , a statement from the Employee’s physician may be requested by the Town Administrator before the Employee will be permitted to return to work.

Absenteeism or tardiness that is unexcused or excessive in the judgment of the Appointing Authority is grounds for disciplinary action, up to and including dismissal. An Employee’s absence from work without contacting his or her Supervisor for three (3) consecutive days may be considered job abandonment and result in termination.

27. SUBSTANCE ABUSE POLICY

No Employee may work or be on Town premises in an official capacity if he or she is using or is under the influence of alcohol, marijuana or drugs, [A7]unless such use involves prescription medication determined by the Town Administrator to be legal and permissible under the circumstances. Employees also may not use alcohol, marijuana, or drugs when[A8] conducting business away from the workplace. No Employee may possess, purchase, sell or distribute drugs or marijuana [A9]during work hours, on Town property, or while representing the Town in any

Violations of this substance abuse policy are grounds for disciplinary action up to and including termination.

28. EMPLOYEE CONDUCT POLICY

All Employees must abide by the policies, practices and instructions of the Town and its Supervisors and Department Heads. The Town expects Employees to treat co-workers and Supervisors with respect. The Town does not tolerate conduct that is illegal or dishonest.

The Town cannot anticipate every form of misconduct that might call for discipline or dismissal. In addition to the other sections of the Plan related to misconduct, the following are unacceptable conduct:

- i. Theft, destruction, misuse or willful abuse of property belonging to the Town or another Employee.
- ii. Possession of a weapon or misuse of an object of any kind in a manner to harm, threaten, or intimidate other Employees.
- iii. Insubordinate conduct (refusal or deliberate failure to comply with job-related requirements given by an Employee's Supervisor or Department Head).
- iv. Falsification of any records or making a misrepresentation of authority.
- v. Job abandonment.
- vi. Violating the public trust to the extent that adversely affects the operation of the Town.

Although the Town reserves the right to decide appropriate discipline, any of the misconduct listed above generally results in termination of Employment.

29. PERFORMANCE IMPROVEMENT PROCESS

Although the Town maintains the right to terminate an Employee's Employment at any time and to select the form of discipline it considers most appropriate at the time, the Town believes that each Employee generally deserves the opportunity to improve his or her performance if his or her Department Head has determined that his or her performance is unsatisfactory but has a likelihood of improvement. The improvement process adopted by the Town consists of a Written Warning Memorandum, which will be given to the Employee and will outline each job duty that requires improvement. A Written Warning Memorandum must include the Personnel Action Form to ensure it is added to the Employee's personnel file.

If a Department Head believes that an Employee's performance is unsatisfactory and determines to use this performance improvement process, the Employee will be informed of the unsatisfactory performance, have an opportunity to discuss the situation with the Department Head, and be given an appropriate time period (not to exceed 90 days) to demonstrate improvement.

If the Employee's performance is still unsatisfactory after the end of the applicable time period, the Employee may be terminated.

In some situations, termination of Employment may be warranted at any time during the performance improvement process or without implementation of the performance improvement process.[A10]

Nothing in this Plan should be construed to change an Employee's status as an at-will Employee whose Employment may be terminated at the will of the Appointing Authority.

30. SOCIAL MEDIA/SOCIAL NETWORKING POLICY

The Town recognizes that Facebook, Twitter, LinkedIn, blogs, web sites, YouTube, wiki, and other social networking and online forums (collectively, "Social Media") are an integral part of how we communicate, both personally and professionally. The Town does not intend to infringe on its Employees' personal interaction or commentary using Social Media or restrict First Amendment or other legal rights but the Town has an interest in protecting its reputation, Employees and residents.

Employees are expected to comply with the Plan when using Social Media. For example, an Employee's use of Social Media violates the Plan when the Employee purposely posts misleading commentary or misrepresentations; displays content or images that violate community standards or are pornographic; or posts harassing or discriminatory comments that are sent to or discovered by other Employees and could create a hostile work environment. Employees must know that their Social Media activity, even when used personally may violate the Town's Equal employment opportunity policy or sexual harassment policy set forth in this Plan and may be grounds for disciplinary action up to and including termination.
